

Isaac Ibarra

Software Engineer

Born 1995 in México

Experience

Software Engineer

TechstyleOS

since september 2022

Remote developing job with an US company with amazing engineers using NestJs, but also monorepo architecture, Jenkins, Docker, and way too many things to put here, definitely learning a lot!

Fullstack Engineer

Citdev

July 2019 - September 2021

Remote web developing job with amazing people using mostly Laravel, Angular and Vue.js, (although with some server maintenance and various managing software on the side).

Fullstack Engineer

Garantia

March 2019 - July 2019

Fullstack Engineer mostly using CodeIgniter, Angular, Hyper and a lot of Windows Server and Linux Server management, also managing SQL databases and webhosting with IONOS.

Education

Bachelor's in Computer Engineering

March 2015 - December 2020

CUCEI basics of programming here, with some great teachers and some amazing friends! Centro Universitario de Ciencias Exactas e Ingenierías.

Preparatoria

2015

Bachillerato general por competencias.

<> Projects

Ayudate

Angular

💡 finance and loaning company built alongside the Ayudate team.

Contributions

Regression bioinformatics solubility

💡 predicting protein solubility from DNA sequence.
