

ISAAC IBARRA

SOFTWARE ENGINEER

Hi, my name is I'm a Software Engineer Web developer, Front-End and Back-End creating awesome and effective visual identities for companies of all sizes. Let's start scrolling and learn more about me.

EXPERIENCE

Software Engineer - TechstyleOS since september 2022

Remote developing job with an US company with amazing engineers using NestJs, but also monorepo architecture, jenkins, docker, and way too many things to put here, definitely learning a lot!

Fullstack Engineer - Citdev july 2019 - september 2021

Remote web developing job with amazing people using mostly Laravel, angular and Vue.js, (although with some server maintenance and various managing software on the side).

Fullstack Engineer - Garantia March 2019 - July 2019

Fullstack Engineer mostly using Code igniter, angular, hyper and a lot of windows server and linux server management, also managing SQL databases and webhosting with IONOS.

EDUCATION

Bachelor's in Computer engineering

March 2015 - December 2020, CUCEI basics of programming here, with some great teachers and some amazing friends! Centro universitario de ciencias exactas e ingenierias.

Preparatoria

2015, Bachillerato general por competencias.
